------------------------	---	-------------------------------

**A. Administrative Briefing**

1. The Pre-Bid Conference for the Procurement of Linkaging Machine with an ABC amounting to PhP29,000,000.00, was held on 16 January 2020, 10:00 AM at Government Arsenal, DND, Camp General Antonio Luna, Lamao, Limay, Bataan. The Chairperson of the Bids and Awards Committee presided over the conference.
2. One representative from Gecar Machine Solutions, Inc. attended the conference.
3. Engr. Pineda, presented the briefing and discussed the salient features of the bidding documents. After which, the bidders were given the opportunity to raise their queries and comments as shown below:

**B. Other concerns / queries**

<b>Prospective Bidder's Concern</b>	<b>BAC / TWG Response</b>
Mr. Lianza asked if the standard links are for 5.56mm / 7.62mm?  He also offered a separate unit of Linkaging Machine for 5.56mm and 7.62mm.	Engr. Galang answered yes.  C, BAC and Engr. Galang replied that if they will offer two (2) separate units, it would be subjected for evaluation. Besides, it is better if Gecar can provide the lay out and size for the two (2) machines.

C, BAC reminded Mr. Lianza for the details for 7.62mm link belt. Engr. Galang reminded that each machine should be able to process 250,000 rounds each of 5.56mm and 7.62mm linked cartridges.

C, BAC informed Gecar Machine Solutions, Inc. that test links would be provided by the winning bidder and Mr. Lianza agreed.

4. A corresponding supplemental / bid bulletin shall be posted and issued for necessary amendments.
5. Having no other matters to discuss, C, BAC adjourned the meeting at 10:50 A.M.
